

THINK BIG

 EUREKA

Whether it's to create an eye-catching statement in smaller spaces, to be prestigious or for the simple purpose of matching the scale of an oversized room, our large fixtures are sure to draw everyone's attention.

Be bold. Think big.

SWITCH

CYCLE

CYCLE WALLMOUNTED

Everyone passes through the lobby of an office or a hotel. Oversized lighting effectively captures the attention and creates the desired impact on clients in a tasteful manner.

CYCLE LAYERS

STROKE

Rhythm can be created through the repetition of fixtures, forming an architectural composition that conveys movement and excitement in any space.

MATRIX

SENTINEL

The refined details of a room make a big impression on both clients and employees. Large fixtures can translate themselves into a professional, elegant and sophisticated enhancement to any corporate environment.
